2015 Manometry Summer School

Date: June 25-26, 2015

Location: University of Wisconsin Hospital & Clinics, Voice & Swallow Clinics,
600 Highland Avenue, Madison, Wisconsin 53792

ABOUT THE COURSE

This hands-on training workshop will offer HRM instruction and practice to Speech Pathologists in a small group setting. Participants will acquire knowledge and skills required to initiate an HRM skill competency by completion of the workshop.

Learning objectives:

By completion of this course participants will:

- Identify patient populations who may benefit from high-resolution manometry (HRM) in clinical practice.
- List steps involved in catheter passage, swallowing protocol and on-line documentation during HRM data collection.
- Demonstrate manual analysis of HRM plots targeting velopharyngeal, tongue base region and UES measures.
- Identify physiologic landmarks and anomalies on HRM plots and correlate to events identified on swallowing imaging studies.

Thursday, June 25, 2015

AM

- 8:00 Registration
